SPRING 2017

President's Message

Much is happening this spring at OMSEFCU.

Recently, we revealed great new member services like the addition of Biometric Thumb Print Technology to our

mobile app and our new e-Sign Service, which allows members to apply and sign for a loan without coming into the credit union (read more in this newsletter). And that's just the start.

We also began a new green initiative to encourage more members to sign up for our free e-Statements, offering \$20 to any new sign ups. We hope that with this promotion, more members will sign up – while it's a small change individually we hope that collectively it will help shrink the carbon footprint of our credit union and members. If you want to sign up, you can do so any time through our mobile app.

Your credit union continues to provide great low interest rates. If you are looking to get a new car, home or want to renovate, remember to stop in or apply online to take advantage of our great rates and options.

Overall, I'd like to say thank you all for your support as we continue to seek ways to increase the value of your membership. Have a wonderful spring from all of us at OMSEFCU!

— Madeline Stewart

Who has time to walk the dog? You do... With our new Loan e-Sign Service.

Easily and securely request your next loan from anywhere and obtain funding, without stepping foot in our office by using this new convenient service.
